Summary

Frontend Developer with 5 years of experience in building scalable, responsive web applications using React.js, Next.js, Redux Toolkit, and Tailwind CSS. Skilled in creating high-performance UIs, integrating REST APIs, and optimizing user experience across devices. Now seeking opportunities to expand backend expertise in Node.js and Express to grow as a full-stack developer. Passionate about writing clean, maintainable code and collaborating with teams to deliver impactful digital solutions.

Experience

🌱 Uneecops Technologies Ltd. (via Froximo Technology Pvt. Ltd.) – Software Developer ([React.js/Next.js/Node.js](#)) | Aug 2025 - Present

Client: Uneecops Technologies Ltd. (World Bank–supported RAMP Project, Ministry of MSME)

- Developing scalable front-end solutions with React.js, Redux Toolkit & Tailwind CSS.
- Collaborating with teams to enhance UI/UX, performance, and API integrations.
- Supporting MSME TEAM and MSE SPICE initiatives to drive digital and sustainable growth.

🌱 Otomashen Pvt Ltd – Frontend Developer (React.js/Next.js) | Apr 2024 – Aug 2025

- Leading front-end for AI-powered ATS, supporting 5+ user roles (Admin, Recruiter, etc.).
- Built JD parsing & job posting modules using React.js + API integration.
- Improved app load time by 30% using optimized rendering and API calls.
- Enhanced candidate creation via AI-generated job descriptions and grammar correction.

🌱 Hashstudios Technologies – Frontend Developer (React.js/Next.js) | 01/2021 - 03/2024

- Developed responsive web applications using React.js, focusing on reusable components and optimized UI performance.
- Collaborated with designers to implement pixel-perfect UI/UX designs across various platforms.
- Integrated APIs for efficient data flow, enhancing user experience in high-traffic applications.

Skills

Frontend: React.js, Next.js, TypeScript, Redux Toolkit, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI, Bootstrap

Backend : Node.js, Express.js, REST APIs, MongoDB, Swagger

Tools & Platforms : Git, GitHub, Postman, Jira, Trello, VS Code, Figma

Other : Responsive Design, API Integration, UI Optimization, Debugging

Projects

RAMP (Raising and Accelerating MSME Performance) (React.js Developer) | 08/2024 – Present

A World Bank–supported project under the Ministry of MSME, aimed at strengthening the MSME sector through digital transformation, improved governance, and innovation support.

- Developing and optimizing front-end modules for the World Bank–supported RAMP project using React.js.
- Implementing scalable UI components and ensuring seamless user experiences across devices.
- Integrating APIs and managing state efficiently with Redux Toolkit.
- Enhancing performance, accessibility, and code quality through modern React best practices.

Technologies: React.js, Redux Toolkit, JavaScript, Tailwind CSS, REST APIs

OATS ATS(Applicant Tracking System) (ReactJs Developer) 04/2024 - Present

- Leading the front-end development of an AI-powered Applicant Tracking System (ATS) project, supporting multiple roles (Super Admin, Sub Admin, Account Manager, Recruiter Manager, Recruiter).
- Developed key modules like AI-driven job posting (manual creation, JD parsing from text, files, and audio) and automatic job description generation with grammar/spell check corrections.
- Actively contributing to ongoing development in candidate management modules, leveraging AI for enhanced candidate creation and management.

Technologies - ReactJS, NPM libraries, Tailwind Css

AAINA (ReactJs Developer) 06/2023 - 12/2023

- Improved data exchange efficiency by 40% through optimized API implementations. Reduced loading times, enhancing overall application performance.
- Boosted web app performance by using CDN for images and content, ensuring a rapid 4-5 second load time.

Technologies - ReactJS, NPM libraries, Tailwind Css

Kids Care Finder (KCF) (ReactJs Developer/UI) 12/2022 - 06/2023

- KCF is a user-friendly web application designed to simplify the process of finding childcare services for families.
- Achieved a browser compatibility score of 98% across Chrome, Safari, and Opera Mini.

Technologies - ReactJS, NPM libraries, Tailwind Css

Education

- **MCA (Distance), Chandigarh University, 2023**
- **BCA, Integral University, Lucknow, - 2020**
- **BA, KLPG College, Naini ,Prayagraj, 2017**
